COMMUNICATION

LICENSING & REVIEW

This is in response to the Official Notice (Form PTOL 456) dated June 15, 1990 (a copy of which is attached hereto). The Notice requires the filing of a declaration by the applicants, Dean L. Engelhardt, Elazar Rabbani. Stanley Kline, Jannis G. Stavrianopoulos and Dollie Kirtikar because the subject matter of the captioned application "appears to be 'useful in the production or utilization of special nuclear material or atomic energy' as recited in 42 U.S.C. 2182 (Department of Energy (DOE))".

Appended are the applicants' declarations fully satisfying the requirements set forth in the Official Notice.

P. 20

APPLICANT JANNIS G. STAVRIANOPOULOS'S DECLARATION UNDER SECTION 152 OF THE ATOMIC ENERGY ACT OF 1954 (42 U.S.C. 2182)

I, Jannis G. Stavrianopoulos, hereby declare that:

- 1. I am the applicant named in the above-identified patent application and an inventor of the composition and methods disclosed and claimed therein.
- 2. I was, at the time of the filing of the captioned application employed by Enzo Biochem, Inc., the assignee of this patent application.
- 3. As part of my work for Enzo Biochem, Inc., I have carried out research activities directed toward radioactive labeling of diagnostic and therapeutic agents that can be used in medical diagnosis and treatment.
- 4. I conceived of and made the invention, disclosed and claimed in this patent application, in the course of carrying out such research activities at Enzo Biochem facilities in New York, NY.
- 5. The invention described and claimed in this patent application was not made or conceived in the course of or under any contract, subcontract, or arrangement entered into with or for the

6. I declare further that all statements made herein are of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
